WIL-LOC PIPE & HOSE STORAGE RACKS:

Yard space is always a premium, and with product continually moving in and out, you need a storage system designed to handle this tough environment.

Wil-loc Pipe Racks increase storage space, improve efficiency in transport and prevent pipe damage. Racks are transportable and stackable, and have heavy-duty loading fork sleeves on all sides for easy loading onto a flatbed trailer.

Job site tough, Wil-loc Pipe Racks will also decrease assembly and disassembly times on long pipe runs.

+ Saves valuable yard space
+ Prevents pipe & coupling damage
+ Helps manage job site inventory
+ Powder coat painted finish
+ Heavy-duty fork sleeves
+ 3,000 lb. load capacity
+ Can stack three high
+ 6" x 6" stacking targets
+ Removable posts
+ Breaks down when not in use

Specifications subject to change without notice.

* optimum capacity for 20' Wil-loc pipe.
** optimum capacity for 10' Wil-loc pipe.

FOOT PADS:

6" x 6" target leg pads provide a sturdy base for stacking.

FORK SLEEVES:

Two sets of fork sleeves allow for easy moving of racks.

REMOVABLE POSTS:

Leg posts are removable for ease of shipping, storage and assembly.

### FOOT PADS:

- **LARGE**
  - Capacity: 2500 lbs.
  - Weight: 175 lbs.
  - Total Height: 45.5"
  - Height: 37"
  - Width: 91.5"
  - Depth: 37"
  - 4" Capacity*: 42 pcs.
  - 6" Capacity*: 25 pcs.
  - 8" Capacity*: 16 pcs.
  - 10" Capacity**: 24 pcs.
  - 12" Capacity**: 15 pcs.
- **X-LARGE**
  - Capacity: 3000 lbs.
  - Weight: 220 lbs.
  - Total Height: 50.5"
  - Height: 42"
  - Width: 91"
  - Depth: 80"
  - 4" Capacity*: 24 pcs.
  - 6" Capacity*: 24 pcs.
  - 8" Capacity*: 15 pcs.
  - Trailer Config. 1 across

All posts are removable.

Wil-loc INDUSTRIAL PLUMBING
Wil-loc Coupling Storage Bins simplify the management of your coupler inventory at your warehouse, distribution center or on the job site.

Available in two high-volume sizes, these wire mesh containers are constructed of welded galvanized steel and can handle a 4,000 lb. load capacity. Bins are stackable and have a half-drop gate on the long side of each container for easy access and identification of contents.

Wil-loc Coupling Storage Bins reduce product damage, improve efficiency in transport and provide better utilization of warehouse space.

+ Bins are ideal for jobsite inventory management, reducing equipment loss
+ Heavy-duty foot pads allow containers to be stacked four high
+ Wire mesh base will not collect dust, moisture or debris
+ Containers break down for storage
+ 4,000 lb. load capacity
+ Locking half-drop gate make contents easy to access and identify

FOOT PADS :
Galvanized steel foot pads are designed for high load capacity and stacking.

DROP GATE :
A half-drop gate allows easy access and identification of parts.

LATCHES :
Two slide latches secure the front gate and maximize storage.
