Wil-lube is a lubricant, sealant and protectant for your coupling systems that creates operational efficiencies, minimizes leaks and protects systems from corrosion.

Wil-lube lubricant is available in convenient 1 lb. tubs and 1 oz. squeeze packs for ease of use and application before coupling the system. When properly lubricated and aligned, couplings will no longer require the use of a cheater bar or wrench to close. This dramatically reduces set up time, helps accidental cutting or damage to the O-ring and damage to the locking lever clamping part of the equipment.

System integrity is also greatly enhanced by lubricating the O-ring or gasket with Wil-Lube, thus minimizing leaks and the costly expenses of clean-up or system reconfiguration. Wil-lube is the perfect lubricant for your wastewater, sewer by-pass and general pumping applications.

- Wil-lube is a vegetable-based lubricant that will not deteriorate specialty O-rings, such as Buna O-rings.
- Wil-lube can be used with any Ball & Socket style, Cam-lock, Pin-lug O-ring or gasket.
- Wil-lube increases labor efficiency by improving clamping times in system set-up and by reducing leaks and maintenance time.
- Wil-lube also decreases corrosion in permanent and semi-permanent systems where metal-on-metal contact points exist.
Wil-Lube Material Safety Data Sheet (MSDS)

Section I: Chemical Product and Company Identification
Product Name: Wil-Lube, Wil-loc Inc., 2150-106th lane NE, Blaine, MN, 55779
Emergency Phone: 856.966.1526
Information Phone: 856-966-1526

Section II: Hazardous Ingredient Information
Chemical Name: C.A.S. #    OSHA PEL    ACGIH TLV
Contains no hazardous ingredients

Section III: Hazards Indentification
Emergency Overview: Non-toxic, basically non-hazardous
Eye Contact: May cause mild irritation
Skin contact: May cause mild irritation to persons sensitive to soap products.
Inhalation: Non-hazardous by inhalation.
Ingestion: Unlikely to occur.

Section IV: First Aid Measures
Note to Physician: Treat as soap irritation.
Eyes: Flush with water for 5 minutes, if irritation persists get medical aid.
Skin: Wash with soap and water, if irritation persists get medical aid
Inhalation: Non-hazardous by inhalation.
Ingestion: Seek immediate medical help

Section V: Firefighting Measures
Flash Point: None
Flammable Limits: N/A
Extinguishing Limits: N/A
Firefighting Procedures: N/A

Section VI: Accidental Release Measures
Directions: Pick up with absorbent material and place in appropriate container for disposal. Material is non-hazardous waste.

Section VII: Handling & Storage
Storage Temperature: Ambient.
Handling: No special handling or storage procedures required.

Section VIII: Exposure Controls/Personal Protection
Respiratory protection: None required.
Engineering controls: None required
Protective clothing: None required
Gloves: Recommended to prevent possible dermal irritation.
Safety Glasses: Recommended to prevent possible eye irritation.

Section IX: Physical and Chemical Properties
Boiling Point: N/A
Melting Point: N/A
Flash Point: N/A
Vapor Pressure: N/A
Vapor Density: N/A
Specific Gravity: 1.06
Water Solubility: Appreciable
Physical Form: Paste

Section X: Stability and Reactivity
Stability: Stable
Hazardous Polymerization: Will not occur
Conditions to Avoid: None
Hazardous Decomposition or By-Products: None known

Section XI: Toxicological Information
Product is non-toxic

Section XII: Ecological Data
No data available at this time.

Section XIII: Disposal Considerations
In accordance with federal, state, and local regulations.

Section XIV: Transportation Information
DOT Regulated: Not regulated
DOT Shipping Name: N/A

Section XV: Regulatory Information
TSCA Status: All ingredients listed
CERCLA: Not reportable.
SARA Title III: No reportable ingredients
Sections 302, 311, 312, 313: No reportable ingredients
RCRA Status: Not regulated

Section XVI: Other Information
0=minimal, 1=slight, 2=Moderate, 3=Serious, 4=Severe
HMIS
Health 0
Fire 0
Reactivity 0
PP 0
