

WIL-LUBE

Wil-lube is a lubricant, sealant and protectant for your coupling systems that creates operational efficiencies, minimizes leaks and protects systems from corrosion.

Wil-lube lubricant is available in convenient 1 lb. tubs and 1 oz. squeeze packs for ease of use and application before coupling the system. When properly lubricated and aligned, couplings will no longer require the use of a cheater bar or wrench to close. This dramatically reduces set up time, helps accidental cutting or damage to the O-ring and damage to the locking lever clamping part of the equipment.

System integrity is also greatly enhanced by lubricating the O-ring or gasket with Wil-Lube, thus minimizing leaks and the costly expenses of clean-up or system reconfiguration. Wil-lube is the perfect lubricant for your wastewater, sewer by-pass and general pumping applications.

-
- + Wil-lube is a vegetable-based lubricant that will not deteriorate specialty O-rings, such as Buna O-rings.
 - + Wil-lube can be used with any Ball & Socket style, Cam-lock, Pin-lug O-ring or gasket.
 - + Wil-lube increases labor efficiency by improving clamping times in system set-up and by reducing leaks and maintenance time.
 - + Wil-lube also decreases corrosion in permanent and semi-permanent systems where metal-on-metal contact points exist.
-

Description

Wil-lube is a vegetable-based lubricant that contains no hazardous ingredients or chemicals as defined by OSHA's Hazard Communication Standard: 29CFR, 1910.1200. Thus, no special handling or storage procedures are required. Wil-lube is NSF certified for potable water. Wil-lube can be purchased in a 1oz. Pouch (P/N# 008LUB1.0P) or 1 lb. Tub (P/N# 008LUB16T).

Wil-Lube Material Safety Data Sheet (MSOS)

Section I:

Chemical Product and Company Identification

Product Name:
Wil-Lub, Wil-loc Inc., 2150-106th lane NE, Blaine, MN, 55779
Emergency Phone: 856.966.1526
Information Phone: 856-966-1526

Section II:

Hazardous Ingredient Information

Chemical Name: C.A.S. # OSHA PEL ACGIH TLV
Contains no hazardous ingredients

Section III:

Hazards Identification

Emergency Overview: Non-toxic, basically non-hazardous
Eye Contact: May cause mild irritation
Skin contact: May cause mild irritation to persons sensitive to soap products.
Inhalation: Non-hazardous by inhalation.
Ingestion: Unlikely to occur.

Section IV:

First Aid Measures

Note to Physician: Treat as soap irritation.
Eyes: Flush with water for 5 minutes, if irritation persists get medical aid.
Skin: Wash with soap and water, if irritation persists get medical aid
Inhalation: Non-hazardous by inhalation.
Ingestion: Seek immediate medical help

Section V:

Firefighting Measures

Flash Point: None
Flammable Limits: N/A
Extinguishing Limits: N/A
Firefighting Procedures: N/A

Section VI:

Accidental Release Measures

Directions: Pick up with absorbent material and place in appropriate container for disposal. Material is non-hazardous waste.

Section VII:

Handling & Storage

Storage Temperature: Ambient.
Handling: No special handling or storage procedures required.

Section VIII:

Exposure Controls/Personal Protection

Respiratory protection: None required.
Engineering controls: None required
Protective clothing: None required
Gloves: Recommended to prevent possible dermal irritation.
Safety Glasses: Recommended to prevent possible eye irritation.

Section IX:

Physical and Chemical Properties

Boiling Point: N/A
Melting Point: N/A
Flash Point: N/A
Vapor Pressure: N/A
Vapor Density: N/A
Specific Gravity: 1.06
Water Solubility: Appreciable
Physical Form: Paste

Section X:

Stability and Reactivity

Stability: Stable
Hazardous Polymerization: Will not occur
Conditions to Avoid: None
Hazardous Decomposition or By-Products: None known

Section XI:

Toxicological Information

Product is non-toxic

Section XII:

Ecological Data

No data available at this time.

Section XIII:

Disposal Considerations

In accordance with federal, state, and local regulations.

Section XIV:

Transportation Information

DOT Regulated: Not regulated
DOT Shipping Name: N/A

Section XV:

Regulatory Information

OSHA Status: Contains no "hazardous chemicals" as defined by OSHA Hazard Communication Standard, 29CFR, 1910.1200.
TSCA Status: All ingredients listed
CERCLA: Not reportable.
SARA Title III: No reportable ingredients
Sections 302, 311, 312, 313: No reportable ingredients
RCRA Status: Not regulated

Section XVI:

Other Information

0=minimal, 1=slight, 2=Moderate, 3=Serious, 4=Severe
HMIS
Health 0
Fire 0
Reactivity 0
PP 0

The above information and recommendations are believed to be accurate and reliable. However, no warranties, either expressed or implied with respect to the product or information herein are made. Users must make their own determination as to the suitability of the product for their purposes prior to use. 10/2005
